 *Vertigo* : personal access to a 100% tailored individual production world

Supercars Vertigo, as a result of their being complete works of art, can only be produced in a numbered limited editions for a restricted number of clients. It's really a 100% tailored depending on each customer and behavior like road use and/or track day frequency of use... (not only options)

Numbered plate with the first owner's name
Less than 30 units by model

As Vertigo's customer, log on to your page of our website www.gilletvertigo.com (by « connection » link) using your personal access that you have received recently or ask us for one if you intend to be in the happy few.

The task of this personal access is to inform on the state of progress of your order. So you keep photos and details of your own Vertigo's production...step by step...

100% personal

It's not only a personal file on your Vertigo.

With this kind of personal file and a « high » limited production of a 100% carbon frame; a second hand Vertigo is even sold at a premium over the original construction cost. It's quite different to other productions like Porsche, Audi, Ferrari or Lamborghini but for a similar cost (+200000€) with exceptional performance with a 0 to 100km/h in less than 3sec. For the more powerful version.

With this personalised pass card were given personalised access to belgian racing circuits and an individualized follow-up of the maintenance of your Vertigo. On the same time it's a dedicated access with Gillet Automotives for your regional mechanics. All your personal settings are stored in your database. So you will have the possibility of Developing a personal behavior of your Vertigo that accommodate 100% your preferences and lifestyle. The degree of individualization is at a unique and outstanding level for this quality/price ratio.

Good money provided in this unique and ultra design supercar
